

GROWING IDEAS...

**FORAPOLIS** has been established by the members of ETSI to provide:

- ✓ **Effective support services** to any forum with technical specification activities
- ✓ **20 years experience** in supporting standardization groups in ETSI and other renowned organizations such as 3GPP
- ✓ **Access to the collective know-how** of an organization that produces up to 2500 technical and test specifications per year
- ✓ **Infrastructure, tools and resources** to operate your forum cost effectively, leaving the leadership and members free to concentrate on their core activities and objectives

ETSI Standards Enabling Services offer

*'Idea to Product' solutions*

covering the full range of standardization related issues.

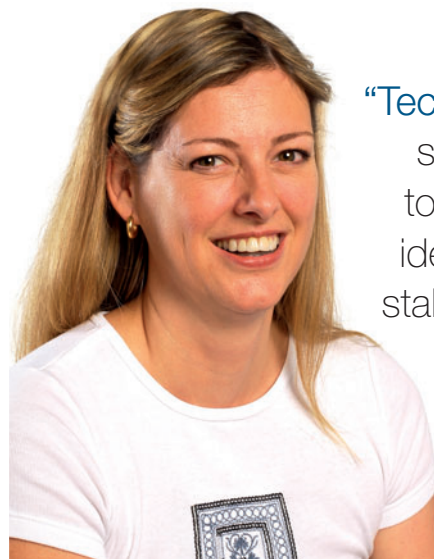

**FORAPOLIS** is technology-enabling  
**INTEROPOLIS** is product-enabling

INTEROPOLIS portfolio of services includes Testing, Interoperability and other complementary services
